

APRALO ALS Capacity Building Sessions

The ALAC Capacity Building Working Group will organize a capacity building session during ICANN57, which is targeted at the representatives of the India-based ALSes as well as other members of the At-Large Community. The session will discuss issues such as enhancing participation in IG processes, keeping ALSes active and at high levels of vitality, and the recent developments in IG.

DRAFT PROGRAM:

Saturday, 5 November 2016

12:45-13:45

Room: MR.1.02

Agenda: **ICANN (The Internet Corporation for Assigned Names and Numbers)**

- ICANN - What it is and what it does
- How it is structured (See: [ICANN Organizational Chart](#))
- SOs/ACs – what they do (See: [Beginner's Guide to Participating in ICANN](#); [Multistakeholder Policy Development Infographic](#))
- Exercise for participants:
 - Brief introduction by members of ccNSO/GAC/GNSO/SSAC followed by small group discussions
 - Pick a Supporting Organization / Advisory Committee (SO/AC) (not ALAC) – give a brief talk on what it is, why it is important, its output
