Dear Ms Akinyemi,

Extensia Ltd., in partnership with the Ministry of ICT & National Guidance and the Uganda Communications Commission, will deliver the 15th **IAD Summit, 'Smarter Thinking'**, on 25th – 27th April 2017, at the Speke Resort Munyonyo, Uganda.

It is my pleasure to extend VIP Delegate invitations to you, and your senior colleagues, to attend this important, high-level summit.

The carefully planned, multi-formatted programme will optimise exposure of projects and opportunities while highlighting technology developments:

- **Day One** – EXPOSE: designed to expose best practice and case studies across a range of 'Smarter Thinking' themes including Data Sourcing; Data Management; Data Security; etc.
- **Day Two** – ENGAGE: encouraging and enabling peer to peer connections, solution sourcing and direct engagement.
- **Day Three** – EVALUATE, evaluating differing perspectives on key and contentious issues such as the value, opportunities and risks of employing Open Data strategies, etc.

Attendees will leave the summit with a clear vision of how '**Smarter Thinking**' will result in increased efficiency, improved service, engaged citizens and customers and improved social development.

Your VIP Delegate places are free of charge and include meals, refreshments and social networking activities with open access to the full summit programme. Please note, flights and accommodation are NOT included.
