TO WHOM IT MAY CONCERN

DR P.B. NYIRENDA PARTICPATION AT ICANN CSC

This is to confirm that Dr Paulos B. Nyirenda works for Malawi SDNP as the National Coordinator.

Among our many development objectives and activities aimed at building and improving Internet access in Malawi, Malawi SDNP runs a nation-wide Internet network, manages and runs the Malawi **.mw** ccTLD for which Dr Nyirenda is the administrative contact.

Under these activities, Dr Nyirenda is very active on Internet issues at national, regional and international levels including those on ICANN, AfriNIC, AFTLD and other such organisations.

Dr Nyirenda is now seeking membership of the Customer Standing Committee (CSC) as his continuation of participation on ICANN governance, processes, events and activities. He has the full support from Malawi SDNP on this initiative.

Any assistance that you can provide to assist him and Malawi SDNP to carry out and complete these activities will be greatly appreciated.

Yours sincerely,

Mr Thekhwane Chitsulo
For: **Malawi SDNP**
