Dear Chairs of the ICANN Supporting Organizations and Advisory Committees,

I would like to inform you that the Board has appointed James Galvin and León Sánchez to serve as the ICANN Board member participants on the Review of Reviews Cross Community Group. James and León each volunteered for this important role.

The Board members will serve a key role in participating in the Reviews CCG on behalf of the Board as full members, including carrying ICANN Board inputs to the Reviews CCG and, when needed, serving as liaisons back to the Board.

In addition, the Board has approved the Charter for the Review of Reviews Cross Community Group [as presented to the Board on 25 August 2025](#).

We look forward to hearing regular progress reports on the work of the Reviews CCG and we would like to thank all participants for their commitment and dedication to this critical work for ICANN.

With thanks and best regards,

Tripti Sinha  
Chair, ICANN Board of Directors
