

ICANN Academy Working Group Survey

* 1. Please enter the following details:

Group Name:

Point(s) of Contact:

Email addresses:

2. Does your group or committee perform any educational training?

With this question we would like to find out what kind of educational training is in place already for this specific group (like the Tech day for the ccNSO for instance)

Yes

No

If Yes, please describe:

The ccNSO meetings: part of the ccNSO open meetings (Tuesday and Wednesday) is dedicated to sharing experiences on learning from each other but this is not structured, formal training. The topics range from introduction of new policies to security.

3. Do you provide education, training or capacity development programmes for individual participants in your community?

With this question we would like to find out what kind of educational training is in place already for your community. These individual participants are not necessarily active ICANN meeting attendees or participants who are organised in an ICANN group or committee. We focus here on people who are working for a registry, registrar or any other affected business for instance.

Yes

No

If Yes, please describe:

Aside from Tech Day, noted above, the ccNSO does not have specific training or capacity development programmes.

4. Have you identified any education training, orientation needs or capacity development programmes for your participants in ICANN?

In this question, we are focusing on active ICANN contributors, organised in an ICANN group or committee (members of the GAC, ALAC, ASO...)

Yes

No

5. If you have answered with Yes to the question above, which needs were identified? (Select all that apply):

Training or orientation needs for new members in your group

Training or orientation needs for the community

Understanding ICANN and its processes

How to participate in ICANN

Issues your group / community is dealing with specifically

Development or improvement of leadership skills for your group's representatives (i.e., consensus building, collaboration with other groups, etc.)

Understanding current issues under discussion in ICANN

Understanding ICANN mission and responsibilities

Understanding ICANN's role in the Internet governance eco system

Online Training (Please fill in topics below)

Other Topics (Please describe below)

Please specify if the answer is for Online Training and/or Other Topics

The current Policy Webinars are useful for briefing the community, but not sufficiently interactive. They could be used as online training materials. In time, after a need has been identified, the specific ccNSO introduction webinar could be set-up to include specific ccNSO substantive topics

6. Which target groups in your organization might benefit from capacity development programmes?

Newcomer

Observer

Contributor

Leader

Others:

ccTLD leaders and managers

7. Would your group be interested in a leadership development programme?

Yes

No

8. Is this programme preferred to be face-to-face?

Yes

No

9. Who do you think should attend to such a training programme (Select all that apply):?

All your leaders?

The newly (s)elected leaders (i.e., within the last year)?

Potential/prospective leaders?

Others? (Please specify)

ccLD representatives who may take up a leading role in the ccNSO

10. What is the best time in the year to schedule such a programme?

1st ICANN meeting in the year

2nd ICANN meeting in the year

3rd ICANN meeting in the year

Other time

In the format of e-learning it can be offered anytime anywhere. Further if in the format of f-2-f-, the most cost-efficient option should be considered

11. How long would you propose such a programme last?

1 day

2 days

3 days

Other

The length of the program should be determined with the input from professionals in the leadership development field, but a program of group sessions would likely need at least three days.

12. Would you prefer that such a programme was scheduled prior or after an ICANN meeting?

See above

13. How often should such a programme be scheduled? (Select all that apply):

Annually

At every ICANN meeting

On demand

Other (please specify)

A pilot project could be offered to gauge demand, with the

14. What are the expectations, responsibilities and obligations for those who participate in such a programme?

value (both to cpaapcity and leadership training), while others think it is too much of an effort and burden for the ccTLD's to bring in there people for a training.

Done
