

UASG work monthly report

May 2023

Important Event A: UASG Leadership Election

In April, the UASG working group completed the election of one new Chair and two Vice-Chairs in accordance with the election process. Ultimately, The new Chair is held by Anil Kumar Jain (India), CEO of the National Internet Exchange of India (NIXI). Three Vice-Chairs were selected from five nominations, including Nabil Benamar (Morocco), Computer Science professor, Haixin Duan (China), professor and head of the Network and Information Security Laboratory of the Institute of Network Science and Cyberspace, Tsinghua University, and Walia (India), director of Nitin Data Xgen Technologies.

Important Event B: UASG Leadership Transition Meeting

On April 27th, UASG held a leadership transition meeting. The handover ceremony was held in New Delhi, India, and the UASG management team participated in the meeting online.

At the meeting, firstly, Dr. Ajay Data reviewed the important work initiatives of UASG in recent years, as well as recent important event, the first UA DAY event. UA DAY's global event has been a complete success. Some community activities are still continuing, and UA has drawn

widespread attention and received publicity around the world.

Secondly, Dr. Ajay Data introduced the new UASG management team and held an on-site handover ceremony with the new chairman, Anil. Numerous attendees thanked Dr. Ajay Data and Vice Chairs Abdalmonem Galila and Pavanaja for their contributions to UA promotion and welcomed the new leadership team.

Finally, the new Chair and Vice-Chair introduced themselves and expressed their hope to advance the work of the UASG by continuous efforts.
