

Dear Joke,

I hope you are doing well, kindly note that I am interested to join the review team considering my executive below quote.

My ICANN volunteering journey started since 2010 inside Egypt or outside "Uzbekistan, Iraq, Jordan, Pakistan ..etc." as a *trainer for Internationalized Domain Names "IDN", DNS|DNSSEC and Registry Operations trainings and as an awareness ambassador I conducted many sessions for IDNs, Email Address Internationalization "EAI" and Universal Acceptance.

If there are any details required, just text me.

Thanks a lot.

All the Best,
Abdalmonem Tharwat Galila
