Subject: [Ext] EOI OISC

Joke,

I hereby formally express my interest to be considered for a volunteer position at the ccNSO's OISC. I understand I would qualify for the position for a NomCom-selected ccNSO councilor.

As a Puerto Rican, I am naturally a bilingual (English/Spanish) and tricultural person (Latin American, Caribbean and North American). These facts facilitate intercultural conversations, and come handy for outreach as well as engagement.

I also have a good knowledge of other communities at ICANN, since I started as a GAC observer (REGULATEL), then as an ALAC member, Coleader of a GNSO PDP (Subpro WT5) and have established even broader across-community relations and friendships as drummer of the unofficial ICANN band (G.E.M.S. - Global Equal Multi Stakeholders).

I believe this EOI would have the support of my countries' ccTLD manager (.pr – PR Top Level Domain).

I would commit the required time that is necessary for tasks assigned to me by OISC.

Thanks,

Javier
