#### 4) Appointment volunteers

##### **4.1.a Appointment volunteers CCWG Auction Proceeds**

After adoption of the charter CCWG Auction Proceeds and according to the Council resolution the ccNSO Secretariat send out a call for volunteers. The ccNSO has the opportunity to appoint 2-5 volunteers as members. Depending on the number of application received in time, the Council will either need to confirm the applications (In case 5 or less applications) or needs to resort to the selection process as defined in the ccNSO Guideline Working groups.

Additional note: the ccNSO secretariat was informed that a general call for participation has been made public ( call for participants and observers). The secretariat is also aware that some people from the community prefer to participate as participant or observer.

For Decision.

#### **Draft resolution**

##### ***Background***

At its meeting in Hyderabad the ccNSO Council adopted the charter of the CCWG new gTLD Auction Proceeds and became one of the chartering organizations. As chartering organisation the ccNSO may appoint 2-5 members to this CCWG. The secretariat send out a call for volunteers and the following persons applied:  
Ching Chiao (NomCom appointed Councillor, letter of support from .pr)  
Mathieu Weill (.fr)  
Peter Vergote (.be)

##### **Draft Decision**

**The ccNSO Council appoints Ching Chiao, Peter Vergote and Mathieu Weill as ccNSO appointed members to the CCWG new gTLD Auction proceeds, and request the secretariat to inform both the volunteers and CCWG accordingly.**

##### **4.1.b. Appointment co-chair**

The ccNSO Council may appoint a co-chair. This could be one of the appointed members, but also somebody else (for example a Councillor who is interested to do so).

#### ***4.2 Appointment ccNSO Liaison to ALAC***

The call for volunteers for the ccNSO liaison to ALAC closed on 7 December. Council is requested to appoint  
For Decision

#### **Draft Resolution**

##### ***Background***

At its meeting in Hyderabad the ccNSO Council requested the secretariat to send out a call for volunteers as ccNSO liaison to ALAC. To date the secretariat has received two indication of interest in the position, however this did not result in a formal application.

##### ***Draft Decision***

**The ccNSO Council extends asks to send out a call for volunteers again and closes the former call. The secretariat is requested to send out this call as soon as possible and leave it open until 10 January 2017.**

#### ***4.3 Appointment volunteers drafting team charter ccNSO PDP working groups***

**Following the call for volunteers Council is requested to appoint volunteers on the drafting** charters WG 1 and WG 2 under the ccNSO PDP on retirement and review mechanism. The call for volunteers will close 14 December 2016.

For decision

#### **Draft Resolution**

##### ***Background***

Following the call for volunteers for the ccNSO PDP charter drafting teams, the following persons have put their name forward as volunteer:

Nigel Roberts

Martin Boyle

Eberhard Lisse

Annebeth Lange

Marten Simon

Peter van Roste

Danko Jevtovic

Svitlana Tkachenko

Debbie Monahan

Barbara Povse

Patricio Poblete

Peter Vergote

Monica Solino

### **Draft decision**

**The ccNSO Council appoints all persons, just listed and who applied as member of the charter drafting team for the charter of the WG review mechanism and WG retirement of ccTLDs. The newly appointed member together with the PDP Issue Manager need to appoint a chair and vice-chair. The Council expects the drafts to be ready by the Copenhagen meeting for discussion with the ccTLD community. The secretariat is requested to inform both the volunteers and CCWG accordingly.**

### **5) Volunteers Ethos Award committee**

For decision

Following the successful efforts carried out in London, Buenos Aires and Helsinki and the positive feedback received from the selection panels, ICANN reaffirms that the award will be an annual award to be presented during the welcome reception of the Policy Forums. To achieve the goal of presenting the award at ICANN 59, ICANN will announce the opening of the recipient nomination period in a couple of weeks. That nomination period will run through the 20<sup>th</sup> of March 2017 for nominations to be submitted from the full ICANN community.

In the meantime, until **13 January 2017**, ICANN request the ccNSO Council to identify interested ccTLD community members who together with members from other communities will help select the recipient(s) of the award. Following the framework used for the previous awards, ICANN requests to name up to two people as member of the selection panel. Further, moving forward panelists could serve a maximum of two consecutive terms on the selection panel to ensure diversity and variety of input and equal opportunity among community members to take part in this effort.

Call for volunteers

### ***Substantive Topics***

#### **6) Appointment members SSR 2**

For decision

Process for selection ccNSO appointed members SSR2.

Background

Former rules: ICANN issued a call for volunteers according to the former rules and procedures for reviews under the Affirmation of Commitments. Applicant had to submit their names and supporting documentation including an indication which SO or AC they considered to be associated with. Next, as one of the SO/ACs the ccNSO would confirm this claimed alliance, and the chair of the Board or CEO of ICANN together with Undersecretary of NTIA or chair of the GAC, would select the members on the relevant

team.

SSR 2 case: ICANN has issues a call for volunteers using the procedure pre- IANA Stewardship Transition. However, as the new bylaws became effective on 1 October 2016 and no transitional arrangement was made, the 1 October 2016 now rules the selection and appointment of members of SSR 2. This implies that the ccNSO Guideline Nominations Specific Review teams applies (<https://ccnso.icann.org/about/guideline-ccnso-nominations-specific-review-final-07nov16-en.pdf>).

Using this Guideline the ccNSO Council will need to decide:

- Whether it intends to be participating in the SSR 2 review.
- Consider the Call for expression of interest by ICANN as a call for Expression ccNSO under the 1 October 2016 and adopted ccNSO Guideline.
- If so, nominate and select candidates (up to 7) from the list of applicants, according to the Guideline procedure (section 4 and 5).

Included in background material is the list of applicants.

## **Draft Resolution**

### ***Background***

According to the 1 October 2016 ICANN Bylaws, the ccNSO has the opportunity to participate in the Security Stability Review 1 (a specific review in the sense of Section 4.6 of the ICANN Bylaws). If the ccNSO decides to participate, it may nominate up to 3 members, who will be appointed.

### ***Draft Decision 1***

**The ccNSO Council decides that the ccNSO will participate in the Security and Stability Review 2 process, a specific review as foreseen in Section 4.6 of the ICANN Bylaws.**

### ***Draft Decision 2***

**The ccNSO Council decides to use the selection method described in the ccNSO Guideline: ccNSO Nominations Specific Review Teams (<https://ccnso.icann.org/about/guideline-ccnso-nominations-specific-review-final-07nov16-en.pdf>) to nominate 3 candidates / up to 7 candidates in order of preference. The Secretariat is directed to initiate the process on Friday 16 December.**

## **7) Review Practices Council meetings**

### ***7.1 Review Council meeting Hyderabad***

For discussion

At the Hyderabad meeting the Meeting format of Prep meeting was changed. This time more time preparing for and discussing substance of the various meeting with other SO/AC s and the Board. Sense of Councillors

In addition: at Hyderabad meeting Council passed many administrative resolutions in a record time (45 minutes). At the same time Council goes through the motions of open meeting while effectively there is no discussion/ room for discussion.

Does this need to change and if so how?

- Introduce administrative part of agenda ( all administrative decision grouped as one and then passed) and substantive part?
- Leave it as is?
- Other method?

### **7.2 Adoption ccNSO Guideline Council Practices**

- ccNSO Guideline: Council practices

Background material:

ccNSO Guideline: ccNSO Practices

This proposed guideline, once adopted will replace the ccNSO Council meeting Guideline.

For Discussion

Katrina:

Explain a little bit about the background of change of title and what is covered.

In Hyderabad, it was agreed and presented to the community that they would have an opportunity Next steps are that the GRC will review your comments and take them into account. The draft will then be published for comment, reviewed etc. and hopefully by Copenhagen a Final Draft will be presented to the community

### **8) Adoption Final report and closure WG EPSRP, submission of Final report to the ICANN Board of Directors**

The ICANN Board requested the ccNSO to provide guidance on how to deal with split findings of the Extended Process similarity review panel. The ccNSO created a WG under chairman ship of Giovanni Seppia and invited the GAC and SSAC to participate in any way that they felt to be most appropriate. Individual members of the GAC participated as observers. The Wg drafted a set of recommendation to provide guidance, which was published for public comment. As part of the public comment process SSAC initially produced a comment recommending not to adopt the recommendations of the WG. As part of the public comment process ALAC expressed its support and, after closure of the public comment, the GAC send its comment to the ccNSO and ICANN Board of Directors. The GAC supports the recommended course of action.

In Hyderabad members of Council and WG EPSRP met with SSAC. As a result of that meeting, SSAC indicated its intention to update their report. This report will be available at its latest on 12 December 2016.

If needed the WG EPSRP will update its final report to Council taking into account the SSAC updated report.

Closer to the meeting the documents will be circulated.

For decision: Adoption of the WG EPSRP final report

### **Draft Resolution**

#### ***Background***

SSAC 088 was received on 12 December. It was circulated to Council on 13 December and the chair of the WG EPSRP to share with the WG EPSRP members. The WG will need an opportunity to review SSAC 088 and take it into account and amend its final report if deemed necessary by the WG.

#### ***Draft Decision***

**The ccNSO Council requests the WG EPSRP to review its Final Report to take into account SSAC 088 if deemed necessary. It is further requested to include and document process steps since its final report was produced (for example the meeting in Hyderabad). Finally, the Wg is requested to provide a brief analysis of SSAC 088, including but not limited to, whether the points raised have been addressed and other relevant observations.**

### **9) Organizational review of the ccNSO and its timeline.**

For discussion

The chair of the ccNSO had an initial meeting with ICANN staff on the process and schedule of the second organizational review of the ccNSO.

Based on these discussions it is anticipated that in January 2017, the ccNSo will need to appoint a “working party” to and needs to engage with the OEC (see below) of the ICANN Board and ICANN staff to discuss the scope, roles and responsibilities, schedule etc. of the second organizational review of the ccNSO.

To prepare for these sessions, it is suggested to:

- Organize webinar for Councillors interested in the review process, preferably at least one from every region and one (former) NomCom appointed Councillor;
- Work under presumption that the working party has to include one Councillor from every region and one non Councillor from every region and at least one (former) NomCom appointed Councillor.
- Invite the ccNSO appointed Board members to the conversation with the OEC in January 2017
- Request the Programme WG to include a session during the ccNSo meeting days in Cope

## Background

According to ICANN Bylaws section 4.4 (a) Section 4.4(a), calls for a periodic review “ of the performance and operation of each Supporting Organization, each Supporting Organization Council, ...by an entity or entities independent of the organization under review.” As per the Bylaws, the goal of these reviews shall be “to determine:

- (i) whether that organization, council or committee has a continuing purpose in the ICANN structure,
- (ii) (if so, whether any change in structure or operations is desirable to improve its effectiveness and
- (iii) whether that organization, council or committee is accountable to its constituencies, stakeholder groups, organizations and other stakeholders”.

These Organizational Review “shall be conducted no less frequently than every five years, based on feasibility as determined by the Board. Each five-year cycle will be computed from the moment of the reception by the Board of the final report of the relevant review Working Group.”

The Organizational Effectiveness Committee of the Board (OEC), previously known as the Structural Improvements Committee (SIC), is engaged in the process from the Board side.

It is the understanding that the 2<sup>nd</sup> ccNSO review will be kicked off in February 2017 to align the milestones with the f-2-f meeting starting at ICANN 58 until ICANN 61/62.

For further information see: <https://www.icann.org/resources/reviews/org>

For Information on the 1<sup>st</sup> review see:

<https://www.icann.org/resources/reviews/org/ccnso>

For discussion:

- Organize webinar for Councillors interested in the review process, preferably at least one from every region and one (former) NomCom appointed Councillor;
- Time frame should be mid Janaury before the call with OEC
- Work under presumption that the working party will have to include one Councillor form every region and one non Councillor from every region and at least one (former) NomCom appointed Councillor (so at a minimum 11 people)
- Invite the ccNSO appointed Board members to the conversation with the OEC in January 2017
- Request the Programme WG to include a session during the ccNSo meeting days in Copenhagen (already done)
