

WAFI DAHMANI ZAAFOURI

Motivation Letter

I'm expressing my strong interest in the position of ccNSO liaison to ALAC.

Being An ALAC member representing the AFRICAN region and having progressed in DNS operations as an administrator of our national cctlds (ASCII and IDN) and prepared the application form to apply for ICANN accreditation registrar for our society which was accredited in 2015 I'm comfortable with cctlds and gtlds management and ALAC work. I 'm also leading the development of domain name industry project in my country.

My position as ALAC member and mastering cctlds management (subscribed to many related mailings lists and involved in some ccNSO working groups) I'm very passionate for the role and feel myself qualified to be off an added value in this position.
