

Statement

I, Margarita Valdés, Lawyer, Chilean citizenship, NIC Chile Legal and Business Director, would like to be considered as candidate to run the role of liaison to the gNSO from the ccNSO council.

As a former ccNSO councilor, I believe I had the experience to understand the common interests that ccNSO and gNSO could have and how to show the ccNSO scope of action. I am capable to look for issues that could build shared agendas and participate in the necessary meetings and report to the ccNSO Council regularly (monthly) on the activities of the respective organization they have been appointed to.

I believe I can represent ccNSO values in this effort, pursue specific direction from the ccNSO Council as and when given, and seek ccNSO Council advice as and when needed. I will be able to participate diligently in the meetings and activities of the respective Councils, as well as potential agenda setting meetings to prepare for joint meetings between the ccNSO and GNSO Councils.

I declare that I don't have any conflict of interest, given that I am not part of the ccNSO council, or gNSO council either, I am not entitled to vote in none of these organizations.
