

Everton Teles Rodrigues (.br)

Expert Advisor to the Board of CGI.br for Internet Policy and Governance matters (since 2019)

Everton T. Rodrigues is an expert advisor to the Brazilian Internet Steering Committee, CGI.br. In this role, he is part of the team that supports CGI.br in specialized subjects in the Internet Policy and Governance fields. Focus areas include meetings and processes related to ICANN, LACNIC, IGF's-related MAG, NRIs and LACIGF and the events and meetings of the Internet & Jurisdiction Policy Network, as an alternate member of the Content & Jurisdiction Program Contact Group. Everton has been in contact with ICANN since 2006, when he joined NIC.br as a communications trainee, shortly before ICANN27 was held in São Paulo. In 2014, he was a fellow at ICANN51. Since 2019, he has started to regularly attend ICANN meetings. In June 2022, he was appointed as the Chair of the ccNSO Meetings Programme Committee (MPC) and recently became a member of the Internet Governance Liaison Committee (IGLC). Everton holds a M.A. in Science and Culture Communication from the University of Campinas (Unicamp), which mapped the IANA Stewardship Transition, and a B.A. in Social Communication from Universidade Metodista de São Paulo. He speaks Portuguese, English, Spanish and French.
