

Call for Presentation Proposals: ccTLD News Session - ICANN85

11 December 2025

The ccNSO Meetings Programme Committee (MPC) invites proposals for the ccTLD News Session at the ICANN85 Community Forum, held 7-12 March 2026 in Mumbai, India.

This session provides a platform for sharing updates, insights, and discussions on country code top-level domains (ccTLDs). Both in-person and virtual participation will be available, with simultaneous interpretation in English, French, and Spanish.

Presentation Topics:

Including, but not limited to:

- Case studies on ccTLD initiatives
- Collaboration & partnerships within the ccTLD community
- Recent updates and developments in ccTLD operations
- Policy & legislative impacts on ccTLDs
- Best practices in registry management, marketing, and engagement

Submission Guidelines:

- Provide a title, abstract (a few sentences), presenter name, ccTLD affiliation, and contact details.
- Submit by 31 January 2026 (23:59 UTC) via this submission link: <https://forms.gle/kPSrABxnhZG445s29>

Selection & Notifications:

Proposals will be reviewed by the MPC, considering diversity and limited slots.

Applicants will be notified by 13 February 2026.

Selected presenters will receive a briefing and be invited to pre-session (19 Feb, 13 UTC) and a rehearsal meeting (26 February).

Why Present?

- Showcase expertise and leadership in the ccTLD community
- Engage with industry peers and stakeholders
- Contribute to best practices and knowledge-sharing
- Gain visibility for your ccTLD or initiative

For inquiries, contact joke.braeken@icann.org

The MPC looks forward to your proposals and an engaging session!
