

Letter to UAC of ccNSO

To: UA Committee ccNSO members

Subject: Invitation to organize UA Day 2025 events

Dear UA Committee members of ccNSO,

To promote the awareness and adoption of Universal Acceptance (UA) of all domain names and email addresses, ICANN and the community are organizing the third global **Universal Acceptance (UA) Day** on or around 28 March 2025, between 1 March till 31 May 2025. We invite the UA Committee of ccNSO to encourage ccTLDs to organize UA Day 2025 events. Proposals can be submitted via the [UA Day Event Proposal Form](#) available at <https://universalacceptance.day> by **11 October 2024**.

In addition, we would also request the UA Committee of the ccNSO to encourage ccTLDs who are unable to host their own event to participate in events that will be held in their region in order to create UA awareness and promote UA adoption. UA Day 2025's event details will be published at <https://universalacceptance.day/> in January 2025.

UA Day events will consist of awareness-building, technical capacity building and strategy formulation sessions. UA Day was established in 2023 as an opportunity to engage and rally technical and language communities, businesses, governments, and Domain Name System (DNS) industry stakeholders to better understand the [benefits of UA](#) and how to make their own systems UA-ready, and it attracted more than 15,000 participants worldwide across dozens of countries on six continents since then.

UA can only be achieved by working together with various stakeholders. We value our collaboration with you to the UA Day events and hope you'll join us in building an #Internet4All at UA Day 2025!

If you have any questions, please contact us at uaprogram@icann.org.

For more information about UA Day 2023 and UA Day 2024, read the [full recap reports](#).
