

UASG work monthly report

February 2024

UASG Coordination WG Progress

This month seems to have been quiet due to the New Year holiday, but the UA Day sub-group has been busy. This year, it received more than 100 UA Day proposals, reviewed them one by one, sent confirmation emails to the approved proposers, and signed contracts.

Sorry the further information needs to be shared after the UASG monthly meeting.

The Chinese Spring Festival is coming soon. This year is the Year of the Dragon. I wish you all good health and happiness.
