

==== action item list from the Seoul meeting ====
status as of 19 June 2015

Action-1.

- > CGP and JGP will review the output of LGR-2 applied Yoneya's
- > algorithm and give a formal comment or conclusion of output.
- > (Wang Wei and Yoneya)

==> on-going

The algorithm was implemented independently by Wang Wei and Yoneya and they obtained the same result except one minor point.

Detailed comments to the algorithm from CGP and JGP are under development.

(the following may not be the result of this action item, but is related to this action item)

CGP will modify its MSS and the variants definition of C-LGR-1. (this was reported by Wang Wei on Sat, 20 June).

Action-2.

- > Statistics of label application and delegation historically.
- > (Dr. Yan and Yoneya)

==> on-going

Zhiwei Yan sent the statistics of historical registration data from some aspects.

Yoneya will give a report in the Buenos Aires meeting.

Action-3.

- > CGP will draft a question list and write CJK public letter for
- > IP of ICANN by the end of this month and send to JGP and KGP
- > for their feedback to see if we need to make it the CJK letter
- > and bring it to ICANN53.
- > (Wang Wei)

==> Wang Wei drafted a letter and sent it to Chairs of JGP and KGP. But they haven't responded yet.

Action-4.

- > Agreed terminology document by ICANN53.
- > (Yoneya)

==> Yoneya will come up with a small document in Buenos Aires meeting.

Action-5.

- > Agreed algorithm document by ICANN53.
- > (Yoneya)

61:
62: ==> Yoneya will come up with a small document in Buenos Aires
63: meeting.
