

Motion - Approval of Second IANA Naming Function Review Team (IFR2) Final Report

Submitted by: Tomslin Samme-Nlar

Seconded by:

Whereas,

1. On 10 September 2023, the second IANA Function Review (IFR) was convened by the ICANN Board, in compliance with Article 18 of the ICANN Bylaws. The IFR2 Team (IFRT) [published](#) its Initial Report for public comment on 20 March 2025.
2. The IFR2 developed two recommendations that will amend the IANA Naming Function Contract, including a recommendation on the presence of specific Domain Name System Security Extensions (DNSSEC) policy details in the IANA Naming Function Contract and identifying and pointing to the appropriate policy authority for DNSSEC 98 in the IANA Naming Function Contract.
3. The IFRT followed the Bylaws required steps regarding contract amendment recommendations found in Section 18.6, which include consultation with the ICANN Board, consultation with the Customer Standing Committee, conducting a public input session for ccTLD and gTLD registry operators, and to conduct a [public comment](#) proceeding on the amendment.
4. Pursuant to the ICANN Bylaws Section 18.6 (b)(i), IFR Recommendations requiring a contract amendment must be approved by a supermajority vote of the ccNSO Council and GNSO Councils.

Resolved,

1. The GNSO Council approves the recommendations contained in the IFR2 Final Report.
2. The GNSO Council requests the GNSO Secretariat to communicate this decision to the Co-Chairs of the IFRT and relevant ICANN staff accordingly.
