Subgroup Status Update & Roadmap to FtoF Meeting

1. Status of first pass planning (22 January 2018) and target for delivery to full Review Team is overdue.
 - See attached matrix for summary of outputs from all subgroups
2. How will your subgroup address the next steps in the work plan:
 - Has your subgroup identified any needed briefings/resources?
 - How will your subgroup review/analyze relevant documentation? (for example, will you divide review between subgroup members)
 - How will you conduct investigation of identified objectives? (for example, will you need calls or conduct work via email)
 - How will you conduct relevant interviews (as appropriate)?
 - How will your subgroup produce its summary of key findings?

Note: After these next steps have been completed, each subgroup will present their findings to the full Review Team for approval, as input to development of recommendations by the full Review Team
